

Technical Information

It is used to form a strong elastic layer on the surface, resistant to impacts of stones and sand. Recommended for car sills. Provides long-term protection against water and corrosion. Protects against the effects of gasoline, oils and salts. Resistant to temperature changes. Has sound absorbing properties. The treated surface can be applied with all the paint systems.

Quality & properties

Very good adhesion
Sound-absorbing
Resistant to weather influences
Resistant to weak acids and bases

Physical & chemical data

Content: 500 ml

Base: Synthetic

Color : white,black,greys

Properties: protective/anti-corrosion

Viscosity 20 (±2)°C : no more 500 cPs

Density at 15 (±2)°C: 1,2 g/cm³

How to use

Before use, carefully read the directions on the packaging and act accordingly.

Remove loose old lacquer and rust and sand the surface.

The surface should be clean, dry and free of grease.

Before use, shake the aerosol for 2 minutes and spray a sample. Distance to the surface to be treated approximately 25 to 30 centimetre.

Apply the several layers.

After use, clean the valve (turn aerosol upside down and press the nozzle for approximately 5 seconds).

Surfaces treated with "anti-gravel" should be painted earlier than 4–5 hours in advance

Conditions of storage and transportation of products: Products are transported by any ground mode of transport in compliance with the rules of cargo transportation. Products in packaged form must be stored in premises that protect products from chemical influences and mechanical damage at a temperature not lower than minus 20C and not higher than plus 40C.

Stability during storage: 5 years from the date of manufacture. The date of manufacture is indicated on the bottom of the aerosol.

Regulatory and legislative information

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18th December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing the European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No. 793/93 and Commission Regulation (EC) No. 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended. REGULATION (EC) No. 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL as amended. Commission Regulation (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
