

Technical Data Sheet MULTI PURPOSE LUBRICANT

Technical Information

MULTI PURPOSE LUBRICANT - universal lubricant for processing internal surfaces. Protects against aggressive the influence of moisture, dust, road reagents, temperature changes. Universal tool for lubrication, restoration and protection of metal and rubber parts. Forms an oil film on the surface, which prevents the wear of parts and the occurrence of rust. Restores the mobility of mechanical connections (locks, taps, bolts). Effectively prevents oxidation, the action of aggressive acids and salt solutions

Quality & properties

- Good penetrating properties
- Moisture repellent
- Corrosion preventive
- After cleaning, a protective film remains

Physical & chemical data

Content: 150/400 ml

Base: synthetic

Color: from light brown to dark brown

Properties: anti-corrosive/ anti-oxidizing

Viscosity 20 (±2)°C: no more 500cPs

Density at 15 (±2)°C: 0,87 g/cm3

How to use

Before use, carefully read the directions on the packaging and act accordingly.

Before use, shake the aerosol.

Apply multi spray in the desired quantity.

The optimum lubrication is obtained after evaporation of the solvent.

<u>Conditions of storage and transportation of products</u>: Products are transported by any ground mode of transport in compliance with the rules of cargo transportation. Products in packaged form must be stored in premises that protect products from chemical influences and mechanical damage at a temperature not lower than minus 20C and not higher than plus 40C.

Stability during storage: 5 years from the date of manufacture. The date of manufacture is indicated on the bottom of the aerosol.

Regulatory and legislative information

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18th December 2006 concerningthe Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing the European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No. 793/93 and Commission Regulation (EC) No. 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended. REGULATION (EC) No. 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL as amended. Commission Regulation (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No. 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
