

Technical Information

Wax-based preservative for long-term corrosion protection of hollow spaces in the car. Displaces moisture, isolates the surface from the penetration of water and oxygen. Stops the development of corrosion. Does not flow from the surface. Resistant to weather conditions, weak acids and alkalis. Apply the coating in the hollow areas through the service openings with the use of the (adapter) a special tube.

Quality & properties

Excellent corrosion prevention
Good penetrating quality
Long term protection

Physical & chemical data

Content: 500 ml

Base: Synthetic

Color : from brown to black

Properties: protective/anti-corrosion

Viscosity 20 (±2)°C : no more 500 cPs

Density at 15 (±2)°C: 1,3 g/cm³

How to use

Before use, carefully read the directions on the packaging and act accordingly.

Before use, shake the aerosol for 2 minutes.

Apply the waxcoating in several layers.

After use, clean the valve (turn aerosol upside down and press the nozzle for approximately 5 seconds).

Conditions of storage and transportation of products: Products are transported by any ground mode of transport in compliance with the rules of cargo transportation. Products in packaged form must be stored in premises that protect products from chemical influences and mechanical damage at a temperature not lower than minus 20C and not higher than plus 40C.

Stability during storage: 5 years from the date of manufacture. The date of manufacture is indicated on the bottom of the aerosol.

Regulatory and legislative information

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18th December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing the European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No. 793/93 and Commission Regulation (EC) No. 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended. REGULATION (EC) No. 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL as amended. Commission Regulation (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
