

Technical Information

An effective means for cleaning brake systems from complex contamination. Easily dissolves and removes carbon deposits, oil products, lubricants, brake fluids, resins, soot without disassembly. Thanks to a powerful directed jet, it instantly cleans and degreases brake discs, drums, pads, linings, cylinders, clutch parts, springs. Reduces wear and heating of brake mechanisms. Eliminates screeching, increases braking efficiency. Dries quickly without leaving traces. Does not oxidize metal, does not cause corrosion.

Quality & properties

Leaves no residue
High cleaning power
Filled with CO₂ propellant

Physical & chemical data

Content: 500 ml

Base: organic solvents

Color : from colorless to white

Properties: cleaning

Viscosity 20 (±2)°C : no more 500 cPs

Density at 15 (±2)°C: 0,83 g/cm³

How to use

Before use, carefully read the directions on the packaging and act accordingly.
Before use, shake the aerosol.
Spray parts until the contamination has disappeared
Contaminated power brake cleaner should be regarded as chemical waste

Conditions of storage and transportation of products: Products are transported by any ground mode of transport in compliance with the rules of cargo transportation. Products in packaged form must be stored in premises that protect products from chemical influences and mechanical damage at a temperature not lower than minus 20C and not higher than plus 40C.

Stability during storage: 5 years from the date of manufacture. The date of manufacture is indicated on the bottom of the aerosol.

Regulatory and legislative information

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18th December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing the European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No. 793/93 and Commission Regulation (EC) No. 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended. REGULATION (EC) No. 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL as amended. Commission Regulation (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
