

Technical Data Sheet

PITON CHAIN LUBE

Technical Information

Provides lubrication for high-speed chains of motorcycles, go-karts, bicycles, and industrial mechanisms with chain drives. Also recommended for treating chains of urban and road bicycles. Thanks to a complex of synthetic polymeric additives, it forms a thin and durable film with high adhesion on the surface of the chains. Suitable for chains with O-ring, X-ring, and Z-ring bushings. Protects the chain from wear, stretching, and corrosion.

Quality & properties

Reduces the adhesion of dirt and sand Resistant to weather influences Water-repellent Prevents wear Prevents friction and power loss

Physical & chemical data

Content: 500 ml
Base: Synthetic
Color: brown

Properties: anti-corrosive/ anti-oxidizing

 $Viscosity 20 (\pm 2)^{\circ}C$: no more 500cPs

Density at 15 (±2)°C: 0,98 g/cm3

How to use

To prepare the surface: clean the surface from old lubricants, dirt, dust and degrease.

Before use, shake the can 1-2 min.

Apply the product at any angle to the surface.

After 10-15 minutes the surface is ready for use.

<u>Conditions of storage and transportation of products</u>: Products are transported by any ground mode of transport in compliance with the rules of cargo transportation. Products in packaged form must be stored in premises that protect products from chemical influences and mechanical damage at a temperature not lower than minus 20C and not higher than plus 40C.

Stability during storage: 5 years from the date of manufacture. The date of manufacture is indicated on the bottom of the aerosol.

Regulatory and legislative information

Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18th December 2006 concerningthe Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing the European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No. 793/93 and Commission Regulation (EC) No. 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, as amended. REGULATION (EC) No. 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL as amended. Commission Regulation (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
